

Moving closer towards a pandemic-free future

Greetings from Kerala IT Parks

Another Onam has come and gone amidst the prevailing pandemic. The companies of Kerala IT Parks celebrated Onam by completely abiding by the COVID protocols. Kudos to them for keeping the festive spirit alive in a responsible manner! Together, we shall overcome the crisis soon. Speaking of which, we have another hopeful news; the IT Parks in Kerala is gearing up to conduct the 2nd vaccination drive in full swing in the coming days, to help techies safely return back to their workplaces. So, brace yourselves for the next phase of COVID prevention and make sure you get jabbed on time.

Breaking the gender norms: Kerala plans to increase women participation in the workforce

The government of Kerala is looking to bring more women in different designations across the IT sector, in an attempt to establish healthy gender diversity across all levels of hierarchy. As part of the agenda, the state plans to help businesses to hire women returning to work after a break along with identifying three primary areas of focus, namely, women's safety in the workplace, skill development, and their participation in the state government's startup mission.

For better and greater investments: IT Parks to fast-track developmental projects

Considering their high potential in generating more global investments, Kerala IT parks have amped up the efforts to fast-track ongoing developmental projects. To review the same, a high-level meeting of top officials headed by Shri. Biswanath Sinha IAS, Principal Secretary, Department of Electronics and IT, was held in Technopark, Thiruvananthapuram. Mr. Sinha later informed that the body of officials has taken a decision to further strengthen the coordination between IT parks and the Department of Electronics and IT, to abide by the industry expectations.
